Ahmad Elaydi has relied on the help of Optimum Global for many years now. Originally from Kuwait, Ahmad has worked in many different locations eventually settling down in France where he married a French national. He currently works for a global company in their head office on the outskirts of Toulouse but is looking forward to an early retirement. His hobbies include painting and long distance cycling and he would love to take part in the Tour de France one day!

Ahmad first joined Optimum Global when he was working in Qatar and has taken it with him wherever he has been based after receiving some advice from a friend who already had a policy. In the early days of his cover he didn't need to call on Optimum Global's services a great deal but was always happy with the 'kind assistance' he and his wife received. However in 2009 his wife became very ill and sadly died in 2010. During that difficult time Ahmad was so impressed by the help that he received and sensitivity, that he even wrote a 'Thank you' letter to the Optimum Global Managing Director.

Once Ahmad retires to the South of France he hopes to continue with the comprehensive cover, particularly as he intends to travel a lot and he knows that Optimum Global will be there to help him wherever he is should he need it.
